Summary

UX designer and front-end developer hybrid with interests towards human-computer interaction, AI, emerging tech and helping people achieve their goals. Loves interaction design and learning new things.

Education

Tampere, FI **Tampere University of Applied Sciences**
Aug '17 - Present **Interactive Media, Bachelor of Media & Arts**
Focusing on UX Design and Web Development.
Relevant Courses: User-Centered Design, User Interface Design and Usability, Service Design, Web and App Design, Web and App Design Theory. International study program.

Kajaani, FI **Kainuu Vocational College**
Aug '13 - June '17 **Audiovisual Communications, Media Assistant**
Vocational Upper Secondary Qualification. Triple degree.
Studied Web and App Design, Game Design and Development, Graphic Design, Film Production, Media Production and Photography. Got a Finnish high school diploma from Kajaanin Lukio at the same time.

Experience

Tampere, FI **Kameratori** — Lead Developer, UX designer
May '18 - Present Developing and managing Europe's largest eCommerce platform for used photography gear. User experience design, testing and engineering. Building things that people love to use with tech like Vue, WordPress and React.

Helsinki, FI **Slush** — Front-end Developer, UX designer
Sep '18 - Dec '18 Helped to improve the user experience of Slush's matchmaking software. Made design decisions based on user feedback and tests. Made sure everything went smoothly during the event. Increased interactions from 10k to 100k.

Kajaani, FI **Icona** — CEO, Lead Developer
Oct '14 - Jan '17 Along with managing and founding the company, I worked as the lead developer in charge of all the web dev services we offered. We also provided services in graphic design, video production and photography.

Highlights

Founded own media production company while studying at a vocational college at the age of 16.

Awarded for the best web experience among all 3000 Finnish JA companies.

Skills

HTML

CSS

Sketch

InVision (Studio)

Adobe CC Suite

JavaScript

Vue.js

React

Others: WordPress, Unity, Git, PHP, SASS
Design: UX, IxD, Figma, Web apps, Games

Hobbies

Music Production, Playing Drums

Started producing soon after getting my first computer. Played drums at an academy for 12 years, and taught at the same academy later.

Studying

I love learning new things, thus I study a lot on my free time. Currently studying psychology, and improving my skills in interaction design

Photography

I started shooting photos when I was a kid, and it quickly became a passion of mine. Currently, I mostly shoot film and work with the folks at Kameratori on a project called Camera Rescue.
